**Date:** Monday, August 27, 2018 2:10:00 PM

---

It looks like this public meeting will be delayed till late October. Carlos told me that Lane Plating will probably be assigned to one of the new RPMs and he wants to delay the meeting till they are available to work on the site.

**Subject:** Question about WAR report

You said to ask you for help entering WAR reports. I am scheduling a public meeting on Sept 10. I don't know if we should go ahead and post this or if we should wait to do the WAR the week before the meeting. The information is below.

The meeting is to notify the community that the site has been added to the NPL and explain how the superfund process works. We will also briefly describe the removal action and previous sampling results. I have notified the Dallas city councilman's office, TCEQ, TX health dept. (TX DSHS), and natural resource trustees about the meeting. I am also planning a site visit before the meeting for EPA and TCEQ employees working on the site.

The Lane Plating Superfund Site Public meeting is scheduled for 6:00 to 7:30 PM on September 10 at the Highland Hills Branch Library. The address is 6200 Bonnie View Rd, Dallas, TX 75241.

I am planning on doing a site visit at 2:00 on the 10<sup>th</sup>. The site address is 5322 Bonnie View Rd
